jasonwakeman.wixsite.com/teaching-portfolio

“From the start of his internship year, Jason’s sharp intelligence, comfort in working with students, and keen mind for instructional planning was obvious. As his mentor teacher, it was a pleasure to watch him develop and hone his skills over the year, and a deep sense of relief to hand over my class to such a capable young teacher during my 4th quarter maternity leave.”

Anna Daley
Lead-teacher
Boise High School

“It can be said of Jason that he is brilliant, he is thoughtful, he is careful, he is reliable, and he genuinely invests in his learners.”

Terah Moore
Professor of Education
College of Idaho

Professional Profile

Eager to help students explore their world with critical thinking, reading and writing through a combination of experience in English, Philosophy and in-classroom experience.

- Master’s Degree in Teaching and Bachelor’s Degree in Philosophy.
